

BARON VON HOLBACH

Silvaner Eiswein 2009

Baron von Holbach

This brilliant ice wine which is made of the grape variety Silvaner, shows a wonderful golden colour. In addition to the honey flavour you will have wonderful fruity aromas reminding of dried fruits, apricots, mangos and passion fruits as well as subtle floral bouquet. The taste is very smooth, round and well balanced. This wine stands out with an interesting combination of noble sweetness and fine fruit acidity and has a fantastic and long lasting finish.
